Let's Talk – A Conversation About How Parkinson's Can Affect Communication and Swallowing

Join us for this in-person discussion with Cecelia Pizano, MS CCC-SLP about how Parkinson's may affect speech and swallowing, its impact on communication and daily activities, and the proactive steps you can take to address these issues.

Tuesday, June 18th, 3:30 p.m.

Cecelia Pizano is a speech language pathologist and the owner of Amplify Speech Therapy. With over 20 years of experience and an LSVT LOUD clinician since 2010, she is well versed in making concepts in voice, cognition and swallowing simple to understand, easy to implement and practical to everyday life.

Pre-Registration is Required
